

COMMERCIAL & WORK BOAT APPLICATIONS

ALUSAFE 1500 MPV
Build by Maritime Partners
Multi-purpose work boat and landing craft
Dual MJP 300 waterjets
Max speed: 32 knots
Engines: Volvo Penta D9

DAY-AFTER-DAY, GETTING IT DONE

For 35 years our incredibly durable and reliable waterjets have been right there with you, working hard, to get the job done. So push, pull, transfer or haul that payload with confidence and keep your focus on completing your mission. While our focus is keeping you running day-after-day, job-after-job.

Whether your mission is suppressing fire, water rescue, research, commercial fishing, or crew transfer—MJP understands the needs of those who work on the water. When every second counts, count on MJP waterjets to get the job done.

HYDROGRAPHIC SURVEY BOAT BY TUCO YACHT
12-meter hydrographic survey boat built by Tuco Yacht for Danish Defence Acquisition and Logistics Organization (DALO). 33 knot top speed powered by dual UltraJet 340 HT waterjets. Tuco Yacht reported significant fuel savings and top speed efficiency.

JETMASTER 3 CONTROL SYSTEM

NEXT-GEN LINE OF PRECISION CONTROLS

FIRE-FIGHTING MODE

Allows safe and convenient operation of fire-pumps connected to propulsion engines. Depending upon the vessel configuration, this allows engines to be shared between fire-fighting and propulsion.

VECTOR CONTROL SYSTEM

Gain precision control of harbor maneuvers and low speed positioning at sea. Idle RPM speed can easily be adjusted to increase responsiveness.

SHALLOW DRAFT

Waterjets draft at the same level as the hull. So you can deliver your payload wherever it needs to go.

MORE MANEUVERABLE

Easily maneuver in tight quarters and during docking to provide a stable and comfortable ride for passengers and crew.

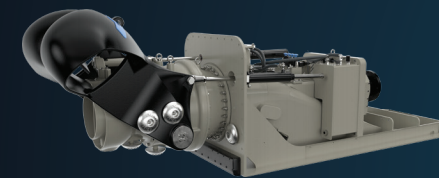

DURABLE AND RELIABLE

Our stainless steel waterjets let you easily beach a vessel without fear of damage to propulsion equipment.

GREATER EFFICIENCY

Highly efficient mixed flow designs keep fuel consumption low at high speeds.

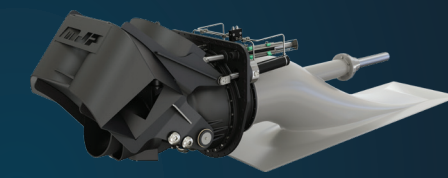

X-SERIES

HIGH-SPEED, FUEL EFFICIENT, MIXED-FLOW WATERJET

READY-TO-GO INSTALL HIGH SPEED / LOW COST

MAX KW	611–2,070 kW
MAX BHP	819 - 2,776 BHP
FOR VESSELS	12m - 40m

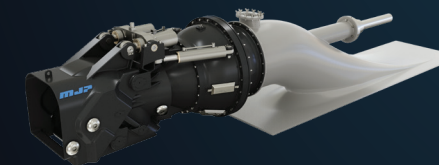

DRB

MIXED FLOW HIGH-EFFICIENCY WATERJET WITH INBOARD HYDRAULICS

EXCEPTIONAL STRENGTH INCREDIBLE MANEUVERABILITY

MAX KW	1,000 kW–9,000 kW
MAX BHP	1,341 BHP–12,069 BHP
FOR VESSELS	26m - 200m

CSU

CLASSIC MIXED-FLOW HIGH-EFFICIENCY WATERJET

DESIGNED FOR SMALL SPACES HIGHLY CUSTOMIZABLE

MAX KW	1,500 kW–21,000 kW
MAX BHP	2,011 BHP–28,161 BHP
FOR VESSELS	26m - 200m

ULTRAJET

HIGH THRUST AXIAL FLOW ALUMINUM WATERJET

DESIGNED FOR SMALL SPACES READY-TO-GO INSTALL

MAX KW	261 kW–746 kW
MAX BHP	350 BHP–1000 BHP
FOR VESSELS	8m - 17m

*UltraJet has a 1 year warranty

5 YEAR WARRANTY

We take pride in our dedication to keep your vessel operating 24/7–365. Our global service organization is on standby to assist you with parts, training, upgrades, and on-site service whenever or wherever your operation leads you. And our market leading 5-year warranty is just another way to prove that dedication to you.

WHAT WE OFFER

- Installation Support
- Technical Support
- On-site Service
- Genuine Spare Parts
- Service Level Agreements
- Onboard Training Certification
- Swing Units
- Factory Impeller Refurbishment
- Upgrades

WORLD CLASS SUPPORT

You've taken delivery of your vessel and broken the champagne bottle. Feel the incredible force as you lean on the throttle and quietly glide through the harbor. Your relationship with MJP has just begun. When you make the decision to trust MJP to propel your livelihood, the team is available to you every day for the lifetime of ownership. Whether you call with a maintenance question, need hands-on personal training, or find you would like to make adjustments to your control system, we value the chance to connect with you and hear all about your travels. At MJP, you have become a member of our extended family and we are here for you every step of your voyage.

F/V KILLER

Built by Aliotti Enterprises and equipped with dual MJP 340HT UltraJets. Capable of 40 knots top speed.

HONG KONG FIREBOAT 7

35-meter catamaran built by Lungteh Shipyard in Taiwan featuring Quad MJP 550 DRB waterjets. Capable of 36 knots top speed.

MJP IS THE WORLD LEADER IN WATERJET PROPULSION, BUILT AS
A FORCE TO TRUST.
SO YOUR ONLY LIMITATION IS HOW HARD YOU HIT THE THROTTLE.
